

# Classic Class - 2024 The Regulations

## Tamiya Classic Class - 2024 The Regulations:

- All Drivers MUST hold a current BRCA licence.
- Chassis: Tamiya TT01, TT02, TA04, TL01, TB02, M02, M03, M04, M05, M06 and FF02
- Bodies: 2 or 4 door saloon shells or GT style shells, we want this class to look like look like a real racing saloon or GT cars. Therefore, No so called "Jelly Shells" or Pikes Peak style bodies.
- Motors: Team Powers V3 Brushed, Tamiya Silver Can, or Core 21t motors only.
- ESC's: Any brushed ESC.
- Batteries: NICD/NIMH Max 6 x 1.2v sub 'C' Cells (7.2v). LiPo Max 2x 3.8v cells (7.6v)
- ALL LiPo batteries MUST be charged/discharged in a LiPo safe container/bag.
- Tyres: must be commercially available RUBBER. NO FOAM
- Aggressive, threatening, or abusive behaviour, aggressive or over defensive driving will NOT be tolerated.
- Reversing on the track is strictly forbidden.
- Unless using a TT02 with a Tamiya spool, all differentials MUST rotate freely (i.e. No blu-Tack or other substances to attempt to lock the differential)
- Permitted commercially available hop-ups: Ball Races, Aluminium Hexes, Aluminium Prop-shaft, Aluminium Motor Mount, turn buckle steering links and any aftermarket oil filled shocks.
- We will allow Tamiya TT01 & TT02 gearing upgrade sets.
- We will also permit the use of any toe-in rear upright.

We want this to be a relaxed fun class so if you have any queries, please contact the club.
