

Converting your Tamiya TT02 for use with a Brushless Motor

Parts Required:

Tamiya 54500 TT-02 High Speed Gear Set

Tamiya 54501 TT-02 Aluminium Propeller Shaft

Tamiya 54502 TT-02 Aluminium Propeller Joint

RW Racing 98447-201807151950 series Acetal Diff Spur 56T

Pinion 41t 48dp (any make)

Tamiya 54558 TT-02 Aluminium Motor Mount

Yeah Racing TT02-013BU Aluminium Adjustable Motor Mount TT02

(The Yeah Racing one is a little bit cheaper and slide adjustable rather than set holes)

You will also need a little bit to hold the drive shaft bearings as the kit top will no longer fit. You can get a carbon fibre part or a simple 3d printed version. (See Pictures below)
